Give your shed a premium feel

With innovative matt paint technology you can now add texture and style to your shed. This finish offers a softer and more subtle appeal than traditional finishes, as it works to diffuse the light; making sure your shed complements your landscaping and surrounding environment.

Go subtle or go striking

COLORBOND® steel Matt is available in a range of popular colours. Harmonise with the natural landscape and surrounds by using subdued (or muted) colours or create depth by using the more commanding darker neutrals.

Quality steel in a matt finish

COLORBOND® steel Matt stands up to the elements. Tested for over a decade in harsh Australian environments, this innovative matt paint technology provides lasting performance and the ability for you to bring a softer, subtle look to your home or backyard.

Finished to perfection

For the ultimate finish, choose roller doors and personal access doors also in COLORBOND® steel Matt. Then consider a range of other design options such as a monopitch roof and eaves to finish.

Make the most of matt

We can help you get the look you're after. With years of experience, we know what looks great. Plus, with the help of our sophisticated design software, we'll help you make colour, finish and design choices for a result you'll be proud of.

“The shed looks awesome, it actually looks better than the house!”

Adam and Kylie, Wendouree VIC
